Active Assailant Planning Consideration Review

Doug Johnsen, CEM
Manager, Emergency Management, Froedtert Health

Doug Johnsen is an emergency management professional with more than 35 years of experience. Doug is a Wisconsin certified emergency manager. Doug currently is the manager of Emergency Management at Froedtert Health in Wisconsin. Prior to joining healthcare, Doug was in law enforcement for nearly 30 years along with experience in the fire service and municipal emergency management. Throughout his career, Doug has responded to multiple active assailant and mass casualty events including serving within the command staff of the incident command team. Doug was a law enforcement instructor for several disciplines, including Incident Command System and training police and fire in Rescue Task Force. During Doug's law enforcement career, he developed response plans for public safety to several locations within the community.

Doug can be emailed at douglas.johnsen@froedtert.com.
